MANAGEMENT PROXY CIRCULAR

SOLICITATION OF PROXIES

This management proxy circular is furnished in connection with the solicitation by the management of Andrew Peller Limited (the "Corporation") of proxies to be used at the Annual Meeting of Shareholders of the Corporation to be held at the time and place and for the purposes set forth in the enclosed notice of meeting. It is expected that the solicitation will be primarily by mail but proxies may also be solicited personally by regular employees of the Corporation at nominal cost. The cost of solicitation by management will be borne by the Corporation.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are directors of the Corporation. **A SHAREHOLDER DESIRING TO APPOINT SOME OTHER PERSON, WHO NEED NOT BE A SHAREHOLDER, TO REPRESENT HIM OR HER AT THE MEETING MAY DO SO** by inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy. To be voted at the meeting, the enclosed form of proxy or another appropriate form of proxy must be duly completed and received by the Secretary of the Corporation prior to the meeting or any adjournment thereof. Proxies may be delivered to the Secretary of the Corporation either by mail or by hand at 697 South Service Road, Grimsby, Ontario L3M 4E8.

A shareholder giving a proxy may revoke the proxy by instrument in writing executed by the shareholder or by his or her attorney authorized in writing, or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized and deposited either at the Head Office of the Corporation at the address specified above at any time up to and including the last business day preceding the day of the meeting or any adjournment thereof, at which the proxy is to be used or with the chairman of such meeting on the day of the meeting or adjournment thereof.

Holders of Class B shares (as defined below) have the right to raise matters at the annual meeting of shareholders of the Corporation (the "Annual Meeting"). All proposals for matters to be raised at the meeting must be submitted in writing to the Secretary of the Corporation either by mail or by hand at 697 South Service Road, Grimsby, Ontario L3M 4E8. The Corporation has determined that the final date by which it must receive shareholder proposals for any matter to be raised at the next annual meeting is May 1, 2011.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **IN THE ABSENCE OF SUCH DIRECTION, SUCH SHARES WILL BE VOTED FOR THE ELECTION OF DIRECTORS AND THE APPOINTMENT OF AUDITORS.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the notice of meeting and with respect to all other matters which may properly come before the meeting. At the time of printing this circular, the management of the Corporation knows of no such amendments, variations or other matters to come before the meeting.

Voting Shares and Principal Holders thereof

The Corporation has two classes of shares outstanding, Class "A" Shares (Non-Voting) ("Class A shares") and Class "B" Shares (Voting) ("Class B shares"). The only class of shares of the Corporation which are entitled to vote on the matters set out in the notice of meeting are the Class B shares. On August 13, 2010, the Corporation had outstanding 3,004,041 Class B shares without nominal or par value, each carrying the right to one vote per share. Class A shares are non-voting securities and, in the event that a take-over bid is made for Class B shares, the holders of Class A shares have no right to participate in such a take-over bid.

The Board of Directors of the Corporation ("Board of Directors" or the "Board") has fixed the close of business on August 13, 2010 as the record date for the meeting. Only Class B shareholders of record as at the close of business on August 13, 2010 are entitled to receive notice of and to attend and vote at the Annual Meeting.

To the knowledge of the directors and officers of the Corporation, Dr. Joseph A. Peller, the Chairman of the Board of the Corporation, owns and controls, directly and indirectly, 1,999,404 Class B shares of the Corporation representing 66.6 percent of the outstanding Class B shares of the Corporation as at August 13, 2010. Of the said 1,999,404 Class B shares owned and controlled, directly and indirectly, by Dr. Joseph A. Peller, 1,998,036 Class B shares of the Corporation representing 66.6 percent of the outstanding Class B shares of the Corporation are owned by Jalger Limited. Joseph A. Peller owns approximately 68 percent of the outstanding voting shares of Jalger Limited.

Mr. E. J. Kernaghan of Toronto, Ontario owns indirectly through Kernwood Ltd., 336,000 Class B shares of the Corporation representing 11.2 percent of the outstanding Class B shares of the Corporation as at August 13, 2010. As of August 13, 2010, CDS Clearing and Depository Services Inc., the nominee for The Canadian Depository for Securities Limited, is the registered owner of 673,440 Class B shares representing approximately 22.4 percent of the outstanding Class B shares. It is management's understanding that the Class B shares registered in the name of CDS Clearing and Depository Services Inc. are beneficially owned by various brokers and other parties on behalf of clients and others, and the names of the beneficial owners of such Class B shares are not known to the Corporation.

BUSINESS OF THE MEETING

This Proxy Circular contains information relating to the receipt of Andrew Peller Limited's audited consolidated financial statements, the election of directors and the appointment of auditors and the authorization of the directors to set the remuneration of the auditors.

1. Financial Statements

The audited consolidated financial statements of Andrew Peller Limited for the year ended March 31, 2010 and the report of the auditors thereon will be tabled at the Meeting. These audited consolidated financial statements form part of the 2010 Annual Report of the Company. You may obtain a copy of the 2010 Annual Report from the Corporate Secretary upon request. It will be available at the Meeting. The full text of the 2010 Annual Report is available on Andrew Peller Limited's web site at www.andrewpeller.com and on SEDAR at www.sedar.com.

2. Election of Directors

The Board of Directors presently consists of 9 directors. Each director is elected to hold office until the close of the next Annual Meeting of shareholders.

Unless it is specified in a proxy that such shares shall be withheld from voting in the election of directors, the persons named in the enclosed proxy intend to vote the shares represented by proxies for the election of the nominees whose names follow, all of whom are now members of the Board of Directors and have been since the dates indicated.

The management of the Corporation does not contemplate that any of the nominees for directors will be unable to serve as a director but, if that should occur for any reason prior to the meeting, the persons named in the enclosed form of proxy shall have the discretion to vote the shares represented by proxies for another nominee unless a proxy specifies that shares are to be withheld from voting in the election of directors.

Directors' independence is based on an analysis of whether or not they hold a management position with the Corporation or have material relationships with the Corporation, either directly or indirectly. Mr. John Peller is not independent, by virtue of his position as the Corporation's President and Chief Executive Officer. Ms. Lori Covert and Dr. A. Angus Peller are non-independent directors as they are immediate family members, as defined in NP 58-201 and NI 58-101, of the President and Chief Executive Officer of the Corporation. Dr. Joseph A. Peller is also an immediate family member of the President and Chief Executive Officer of the Corporation, and accordingly is not an independent director.

Dr. Joseph A. Peller, who serves as Chairman of the Board, is not an independent director, as noted above. The Board has, however, established procedures to enable it to function independently of management and to facilitate open and candid discussion among the independent directors and the Board is satisfied that it can function independent of management. The Board also meets, as appropriate, without management present. The Board has appointed Mr. John F. Petch as Vice-Chairman, in accordance with NP 58-201, in order to provide leadership to the Corporation's independent directors. Under Mr. Petch's direction, the independent members of the Board held four formal separate meetings, independent of management and the other non-independent directors, throughout the past fiscal year. Independent directors are also able to engage in discussions outside of regularly scheduled directors' meetings.

As discussed further below, all committees of the Board are composed entirely of independent directors. Where warranted, directors have the ability to engage outside advisors at the Corporation's expense to assist in the fulfillment of their duties.

The following table lists the names of all persons proposed to be nominated as directors:

REPORT ON DIRECTOR COMPENSATION

The Corporation’s compensation practices for directors are designed to reflect the size and complexity of the Corporation, the time commitments required to fulfill their responsibilities and duties and to confirm the importance placed on aligning directors’ compensation with that of shareholders. The market competitiveness and form of directors’ compensation is reviewed annually by the Governance and Human Resources Committee (“GHR”) and approved by the Board against companies of similar size and scope in Canada. The Companies reviewed are the same as those used to benchmark executive compensation (see Benchmarking of Executive Compensation). Unlike executive compensation, the director compensation plan is not designed to pay for performance; rather, directors receive retainers for their services to help ensure unbiased decision making.

The Corporation provides directors with a compensation package that consists of an annual retainer for each of the Board and Committees, meeting fees, a share purchase plan and wine allowance. The Corporation’s total compensation philosophy is targeted to meet the 50th percentile of selected consumer products companies within the comparator group. The compensation package is designed to attract and retain qualified individuals to sit on the Board. The Corporation provides a share purchase plan to encourage directors to hold shares in the Company. Directors have the option of receiving their fees solely in cash, or may use part of their fees to purchase Class A shares of Corporation at a price that is 50% of the market value of the Class A shares with the Corporation contributing 50% towards this purchase up to a maximum of 750 Class A shares of the Corporation each year. The implementation of the share purchase plan encourages directors to take part of their retainer in the form of shares. Each director is entitled to receive an annual wine allowance with a value of up to \$1,000.

For the fiscal year ending March 31, 2010, each non-management director was eligible to receive the following compensation:

| | |
|-------------------------------|---------------------------------------|
| Chairman annual retainer | \$95,000 |
| Vice Chairman annual retainer | \$22,000 |
| Director annual retainer | \$12,000 |
| Committee chair retainer | \$1,500 |
| Board meeting fee | \$1,000 in person, \$500 by telephone |
| Committee fee | \$500 |

The President and CEO does not receive any fees in his capacity as a director.

REPORT ON EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Summary

Andrew Peller Limited's compensation policies are designed to achieve the objectives of attracting, and retaining key employees throughout the organization, motivating these employees to achieve both the short and long-term objectives of the Corporation and aligning their interest with those of shareholders. The goal is to reward performance and to be competitive with compensation arrangements of other Canadian companies of similar size and scope of operations. The policies have been established to encourage and reward key employees for the performance of pre-established corporate revenue growth and profitability objectives and individual performance goals.

The GHR has established compensation practices and processes that support the strategic direction of the Corporation. The GHR is committed to providing clear disclosure of the Corporation's compensation strategy ensuring that the compensation decisions have resulted in a direct link between the compensation of executive officers and enhanced value to shareholders. Notwithstanding the overall decline in stock market values and the economic activity that occurred during 2008-2009, the GHR believes that the compensation practices of the Corporation over the past five years have enhanced value to our shareholders.

Compensation Responsibilities

As part of its mandate, the GHR has the responsibility to set the Corporation's compensation strategy, to assess the performance of the President and CEO, to make specific recommendations to the Board about the elements and design of the executive compensation package and to ensure that compensation is implemented within the design and intent of that strategy. The Company also engages a consultant to assist the Committee with its review and analysis of executive compensation. The GHR is comprised of the following independent directors: C. William Daniel (Chair), Mark W. Cosens, Richard D. Hossack and John F. Petch.

Compensation Process

The Board and its committees continually evaluate the corporate governance policies and procedures of the Corporation. As part of its mandate, the Board is responsible for the supervision of the management of the business and affairs of the Corporation which includes reviewing, discussing and approving the Corporation's five year strategic and annual business plan (the "Plans"). These Plans, as well as the results of operations for the current year, serve as the basis for assessing the performance and compensation of management. Set out below is the process followed by the Corporation in determining the compensation of executive officers.

- At its June meeting, the Board reviews the results of the Corporation for the preceding year and the Plans of the Corporation, the GHR reviews the compensation design and strategy to ensure alignment with the results for the current year and the Plans. The GHR reviews the achievement of CEO objectives for the preceding year and the CEO objectives for the current year, reviews compensation for all executive officers (base salary, short-term incentive and three year incentive) against a group of companies of similar size and scope and recommends any changes in compensation for approval by the Board.
- At its November meeting, the Board reviews financial results for the year to date compared to the Plans and management's estimate of year end financial results.
- At its February meeting, the Board reviews financial results for the year to date compared to the Plans and management's estimate of year end financial results. The GHR approves the overall salary budget for the upcoming year and reviews performance of the CEO against his personal objectives.

In setting the strategy and in designing the various components of compensation, the GHR receives information from management, assessments from independent advisors, feedback on trends from the Corporation's comparative group of companies and from general compensation trends across the country. Throughout the year, the Board and the GHR review progress against the Plans to determine if any changes are required to the Corporation's priorities.

Benchmarking of Executive Compensation

The Corporation uses the advice from independent compensation consultants, Hay Group Limited and Hewitt Associates (the "Sources") to undertake market comparisons and provide advice on developing appropriate compensation programs including salary, benefits, pension and short and long-term incentive plans. The comparator group used to undertake market comparisons are commercial industrial companies in Canada, provided by Hay Group Limited, that are size adjusted to be comparable to the Corporation as well as several national surveys conducted in Canada and published by major human resource consulting firms such as AON National Survey; Mercer Executive, Management, and Professional Compensation Survey; Watson Wyatt Annual Canadian Executive Survey; and Toronto Board of Trade Executive Survey.

There are 291 companies used in the comparator group that is used to determine executive compensation. Total compensation is designed to pay at the 50th percentile of the comparator group for executive officers, other than the President and CEO whose design is to pay at the 75th percentile. Total compensation is paid only if the Corporation were to meet its overall financial objectives and each individual were to meet their personal objectives. There is no provision for additional incentive payments that exceed targets. Additional incentive payments may be made in the event that, in the opinion of the GHR, a successful project was completed that resulted in enhanced value to shareholders.

Performance Based Compensation Mix

The Corporation's strategy for executive compensation is designed to drive and reward performance and to align the executive officers' compensation with those of shareholders. Accordingly, a significant portion of compensation is at risk by virtue of the short-term and three year incentive plan which is tied to corporate profitability.

Assuming that target levels of profitability are achieved:

60% of the President and CEO's total compensation is determined by the Corporations and individual performance targets.

44% of the COO total compensation is determined by the Corporations and individual performance targets.

33%-38% of other executive officers total compensation is determined by the Corporations and individual performance targets.

Differences in performance based compensation for executive officers reflect market differentials driven by the impact each individual has on operating results.

Components of Executive Compensation

The executive officers' compensation package provides a balanced set of elements designed to deliver the objectives of the compensation policy. The fixed elements of the package; salary, benefits, perquisites and the pension plan, provide a competitive base of secure compensation necessary to attract and retain executive talent. The variable elements, short-term and three year incentive plans are designed to balance short-term gains with the long-term interests of the company and motivate performance to achieve the Corporations goals. The three year incentive plan also aligns executive officers' interest with those of shareholders and helps retain executive talent. The combination of the fixed elements and the variable incentive opportunities delivers a competitive compensation package that is aligned to the Corporation's comparator group.

Total compensation for executive officers, including the Named Executive Officers ("NEOs" as defined in the Summary Compensation Table below) is comprised of three components: base salary, short-term incentive and three year incentive. Compensation arrangements for the executive officers are reviewed annually by the GHR and presented to the Board of Directors for approval.

The Corporation maintains a comprehensive benefits program for its executive officers which includes participation in a pension and other retirement plans, a comprehensive health care program (group life coverage, short and long- term disability, medical, dental, vision and out of country coverage) and vacation entitlements. Certain perquisites and other personal benefits are also provided to the executive officers, including car allowances or the providing of leased vehicles, reimbursement for car related expenses, wine allowance and for certain executive officers, payment of annual professional dues and club memberships.

The Corporation maintains a defined contribution pension plan and supplementary executive retirement plan for its executive officers, which is funded at the rate of 12.5% of an executive officer's base salary.

The Corporation has no employment or termination on change of control agreements with its NEO's or other executive officers.

Base Salary

Base salaries for executive officers are designed to be competitive with commercial industrial companies of comparable size to the corporation. In determining base salaries, the GHR receives recommendations from the President and CEO and assesses an executive officer's past performance, experience and level of responsibility. The GHR also considers the profitability of Corporation for the preceding year, the anticipated profitability for the following year, and the date of the last annual increase in base salary of an executive officer. Salaries for executive officers, including the NEO's are recommended by the GHR to the Board for approval. The Committee considers base salary adjustments on an annual basis as part of its comprehensive review of executive compensation at meetings held each June. The Committee may also approve mid-year base salary adjustments in the event of a new hire, promotion or a significant change in an individual's responsibilities.

Assessments of the individual performance of executive officers of the Corporation are prepared by way of a written evaluation process that was developed and is administered by the CFO and EVP Human Resources in conjunction with other senior executives. The results of these assessments are presented for review by the President and CEO to the GHR.

In conjunction with, and based upon the results of the assessment, as well as other internal compensation data (including length of service and other executives salaries) and external compensation data (including data provided by the Sources) and the performance of the Corporation for the prior year and projected profitability of the Corporation for upcoming year, on the recommendation of the President and CEO, the GHR will recommend increases in annual salaries for the NEOs and other executive officers for approval by the Board.

Short-Term Incentive

The short-term incentive plan is a mechanism for the payment of performance based incentive payments. The primary objective of the plan is to motivate and provide an incentive to executive officers to achieve specified financial goals and meet certain business initiatives. The plan is designed to provide compensation opportunities which are competitive with those within our competitive set. Executive officers and other members of management participate in the short-term incentive plan which provides for the payment of incentives dependent upon the Corporation achieving prescribed net earnings targets which are set at the beginning of each fiscal year (75%) and the achievement of certain personal objectives set for each executive officer (25%). The level of the incentive for each executive officer is determined by a review of market data provided by Sources for similar positions in companies of similar size and scope of operations. The amount of incentive earned by an executive officer for a financial year is based on a percentage of 25%-40% of an executive officers' base salary and 75% for the President and CEO. The GHR views these incentive payments as an integral part of an executive's compensation package.

The annual short-term incentive paid under this plan is based on the corporation achieving a specified level of net income after taxes, including accruals for all incentive payments, before other and unusual items. In 2010, the Corporation paid \$1,054,255 in the form of short term incentives to executive officers.

Three Year Incentive Plan

The Corporation believes that the best incentive plans also include a securities-based component designed to allow executive officers to align their long-term interests with those of the Corporation's shareholders. Executive officers participate in a management incentive plan which provides for the payment of incentives dependent on the Corporation achieving prescribed earnings per share targets ("Three Year Incentive Plan"). The level of incentive is determined by the GHR and ranges from 25%-40% of base salary and 75% for the President and CEO. The targets are based on a three year rolling average earnings per share calculation which is set at the beginning of each financial year. The incentive is payable in the form of Class A shares of the Corporation. The Class A shares are purchased on behalf of the executive officers representing 50% of the incentive awarded and the balance of the incentive is paid in cash. Each executive officer is required to accumulate a required number of Class A shares, the value of which represents a predetermined percentage of base salary, before Class A shares can be traded. Executives must accumulate and hold Class A shares of the Corporation representing 60% of base salary for the Chief Operating Officer and 40% of base salary for all other executive officers. All dividends received on the ownership of the shares are used to purchase additional Class A shares. The President and CEO received his entire incentive under the Three Year Incentive Plan in the form of cash. In 2010, the Corporation paid \$811,920 in the form of the three year incentive plan to executive officers.

President & CEO – Fiscal 2010 Performance Targets

The annual short-term incentive plan provides an opportunity for the President and CEO to receive up to 75% of his base salary based upon achieving the following objectives.

- 75% of base salary for achievement of revenue and net earnings before other and unusual items targets.
- 25% of base salary for the achievement of certain pre-determined objectives. These objectives include developing plans for enhancing return to shareholders through improved productivity, reductions in inventory levels, grape usage optimization and the execution of long range plans for key brands

Actual performance for the achievement on the three year incentive plan based on net earnings per share targets was achieved for the year.

President & CEO – Incentive Payments

In determining performance against objectives for the year, the GHR begins with the net earnings as reported in the annual audited financial statements of the corporation and adjusts for other and unusual amounts including unrealized losses/gains on market-to-market adjustments on an interest rate swap, foreign exchange contracts, costs related to plant closures and other expenses.

For the year ending March 31, 2010, the GHR determined that the President and CEO was entitled to receive payments under the short-term or three year incentive plans and accordingly was paid \$354,375 for each of the incentive plans. In addition, the President and CEO received a payment for the completion of the sale of the beer business of \$130,520.

Executive Officers – Fiscal 2010 Incentive Targets

The annual short-term incentive plan provides an opportunity for the executive officers to receive from 25%-40% of their base salary based upon achieving the following objectives.

- 75% of base salary for achieving net earnings before other and unusual items target.
- 25% of base salary for the achievement of: pre-determined personal objectives as set by the President and CEO or the COO.

The three year incentive plan provides an opportunity for the executive officers to receive up to 25%-40% of their base salary upon achieving a three year average earnings per share, before other and unusual items.

Executive Officers – Fiscal 2010 Actual Performance

Actual performance for achievement on the short-term and three year incentive plan for the fiscal year ending March 31, 2010 was as set out above for the President and CEO.

Executive Officers Incentive Payments

The same adjustments were made by the GHR to the executive officers net earnings target as were made to the President and CEO.

For the year ending March 31, 2010, the GHR determined that the 8 executive officers were entitled to receive payments under the short-term or three year incentive plans and accordingly, paid out \$456,857 and \$457,545 respectively under the incentive plans. The other executive officers received payment for completion of the sale of the beer business of \$112,503.

Benefits and Perquisites

Benefits and perquisites are elements of compensation designed to provide a level of security with respect to the health and welfare of the executive officers of the Corporation. These are fixed elements of compensation and are not dependent on individual performance.

All employees of the Corporation, including the President and CEO, participate in a benefits program that is based upon the same competitive set as base salary. Medical, dental, short and long-term disability, vision and life insurance are all included in the program.

Car allowances or company provided vehicles are granted to executive officers of the Corporation at a fixed amount which vary by level of each executive officer and is based upon competitive market practices. The Corporation also reimburses executive officers for their expenses and insurance in operating the vehicle. This program is reviewed periodically to ensure that levels provided are competitive with the market.

Executive officers, other than the President and CEO, are provided with wine allowance that amounts to \$1,500 – \$3,000 annually depending on their position. The President and CEO does not have a limit on his wine allowance.

Certain senior executives including the President and CEO are provided with club memberships. All executive officers are provided with an annual medical review at the Corporation's cost. These perquisites are reviewed periodically to ensure they are competitive with the market.

EMPLOYMENT AGREEMENTS OR TERMINATION AND CHANGE OF CONTROL BENEFITS

The Corporation has no employment agreements or termination and change of control benefits with the President and CEO and any other executive officer.

Performance Graph

The graph below compares the cumulative shareholders return over the last five years on the Class A shares and Class B shares of the Corporation (assuming a \$100 investment was made on March 31, 2005) with the cumulative total return of the S&P/TSX 300 Composite Index, assuming reinvestment of dividends.

Five Year Total Return on \$100 Investment

The Corporation achieved a total gain to shareholders of 6.51% over the last five years on the Class A shares and a loss of 1.09% on the Class B shares. The return to shareholders has been severely impacted over the past two years due to a deteriorating economic outlook which led to an overall decline in the stock market and due to the small market capitalization of the Corporation. Small capitalization companies' share prices have been more severely impacted over the term of the recession.

The Chart below sets out the performance of the Corporation over the preceding five years compared to increases in both base and variable executive compensation. Note that comparative net earnings before and unusual items for 2009 have been adjusted to eliminate net earnings from discontinued operations on the sale of the Corporation's beer business.

Pension Plan Benefits

Executive Defined Contribution Retirement Savings Plan (DSRSP) and Supplementary Executive Retirement Plan (SERP)

The President and CEO and other executive officers are members of a non-contributory defined contribution pension plan and supplementary executive plan. The Corporation contributes 12.5% of an executive officers base salary to the plans. The President and CEO and other executive officers are not permitted to make additional contributions into the plans. In calendar 2009, the Income Tax Act capped earnings at \$122,222 resulting in a maximum contribution to each member's defined contribution pension plan account of \$22,000. Contributions are deposited into a member's account and are invested according to the direction of the individual plan member. Account balances accumulate as additional contributions are made during a year and by any returns generated by the investment. Contributions in excess of the Income Tax Act maximum are contributed to the Supplementary Executive Retirement Plan member's account. Investment selection is determined by the Corporation and is currently invested in a diversified investment account. In the event that a member retires or has their employment terminated, the member is required to transfer the balance contained in their account defined contribution pension account to a personal locked-in RRSP. Upon retirement, the balance in their supplementary plan is paid as a lump sum in cash or in periodic payments over a term not to exceed ten years. In the event the member's employment is terminated, they are entitled to the full cash value of their supplementary account.

The following table details the estimated benefit for the DCRSP & SERP accruing to the President and CEO and other the NEOs as at March 31, 2010.

The Board discharges its responsibility by reviewing, discussing and approving the Corporation's five year strategic plan and annual business plan to oversee that the strategic plan enhances and preserves the business of the Corporation and its underlying value. The strategic plan details the strengths, opportunities, weaknesses and risks of key initiatives as determined by senior management of the Corporation. Management reports to the Board on a quarterly basis by comparing the actual performance to the annual business plan. Any changes in the Corporation's strategic plan and annual business plan are discussed between the directors and management.

The Board's mandate also includes: reviewing and approving the major business development initiatives including acquisitions and divestitures, operating and capital budgets, dividend policies, quarterly and annual financial statements, security offerings, financing, shareholder communications, officer appointments and executive compensation; reviewing and assessing the Corporation's risk management processes, internal control and management information systems; and ensuring that management is running the Corporation's operations within the strategic framework set by the Board.

The Corporation treats the accurate and timely communication with shareholders and other key stakeholders as a key responsibility. Management has developed a disclosure policy which is reviewed periodically and approved by the Board. The most recent changes were adopted by the Board on June 9, 2010 as part of the Corporation's ongoing review of its disclosure controls and procedures.

All quarterly and annual reports, management's discussion and analysis, press releases, the annual information forms and proxy circulars are reviewed and approved by the Board. As directed by the Board, management is given the responsibility of complying with regulatory disclosure requirements and responding to questions raised by shareholders and members of the investment community.

The Board meets on a regularly scheduled basis at least four times a year, or otherwise as required. A summary of directors' attendance at Board and committee meetings is set forth below. Executive officers of the Corporation are available for discussion with regard to any questions or concerns which may arise between such meetings.

The Chairman of the Board is responsible for the efficient organization and operation of the Board and its committees. The Chairman is also responsible for ensuring the effective communication between the Board and management and that the Board effectively carries out its mandate. The responsibilities of each committee chair are also set out in each committee's mandate.

The Vice Chairman is responsible for ensuring the Board is able to function independently of management, and for reviewing the agenda for each meeting of the Board and agendas for all meetings of the Board committees.

The Board has adopted a written position description for the CEO, which sets out the CEO's responsibilities, including: enhancing corporate organizational effectiveness; developing business strategies for key issues and opportunities; reviewing key human resource activities; ensuring effective information systems; and working with the Board to fulfill the Corporation's corporate governance requirements. The CEO is evaluated having regard to his fulfillment of the objectives set out in his position description, as viewed against certain other corporate objectives which are determined by the strategic plan and financial budgets approved by the Board, against the overall corporate performance, and against his individual performance. For further information, see the "Statement of Executive Compensation" in this Circular.

The Governance and Human Resources Committee has developed a position description for the Chairman of the Board of the Corporation, the Vice Chairman and chairs of each of the committees including the description of objectives for which such individuals are responsible.

Orientation and Continuing Education

The Corporation provides new directors with access to the President and CEO and all other members of the senior management to give each director an understanding of the Corporation and its business. The Chairman reviews with new directors the role of the Board, its committees and its directors, and the expectations of each member including the rules and regulations with regard to the trading of the securities of the Corporation. The Governance and Human Resources Committee is also responsible for providing directors with orientation and ongoing education on the Corporation and its business activities. Updates on the Corporation's business and activities and legal or regulatory developments are provided to directors on a regular basis to ensure that directors have the necessary knowledge about the Corporation's business to discharge their responsibilities effectively. All directors are also encouraged to visit the Corporation's facilities with a view to enabling them to better understand the Corporation's business.

Ethical Business Conduct

As part of the Corporation's commitment to effective corporate governance, all directors, officers and employees of the Corporation must act in accordance with the Corporation's Code of Conduct (the "Code"). The Code has been adopted by the Board of Directors and senior management, and requires every officer, director and employee to observe high standards of business and personal ethics as they carry out their duties and responsibilities. The Code sets forth guidelines, policies and procedures which comprise the core principles that are applicable to all directors, officers and employees of the Corporation, and address ethical conduct, conflicts of interest and compliance with the law. The Code is administered by the Chief Financial Officer and the Chief Financial Officer oversees and monitors the implementation of the Code and reports to the Board on such implementation and monitoring and all matters that arise in relation to its provisions, including any departures or waivers of compliance. A person may obtain a copy of the Code by request to the Secretary of the Corporation. The Board also ensures that directors exercise independent judgment in considering transactions in respect of which a director or executive officer has a material interest by requiring all directors to adhere to the Corporation's conflict of interest policy, and the declaration of conflict of interest requirements mandated by the *Canada Business Corporations Act*.

In addition, the Board has adopted a Whistleblower Policy. The Whistleblower Policy sets out responsibilities, policies and procedures in conjunction with any reports that are made pursuant to the Code, and also governs the reporting and investigation of allegations of suspected improper activities in respect of accounting, internal controls or auditing matters, violations of law and general violations of the Code. MI 52-110 requires that the Audit, Finance and Risk Committee ensures that there are procedures in place for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing conduct. The Audit, Finance and Risk Committee have approved the Whistleblower Policy and the reporting mechanisms contained therein in order to fulfill its responsibilities.

REPORTS OF COMMITTEES OF THE BOARD

The Board discharges its responsibilities directly and through its committees. The Board has established three standing committees and delegated certain of its responsibilities to each of the committees. In this regard, each of the committees is mandated to carry out certain responsibilities and to make recommendations and report to the Board. The three standing committees of the Board are: the Audit, Finance and Risk Committee, the Governance and Human Resources Committee and the Pension Committee. Only directors who are independent, as defined in NP 58-201 and NI 58-101, or as defined in Multilateral Instrument 52-110 in respect of the Audit, Finance and Risk Committee, serve on the Board's committees. All individual directors have the right to engage outside advisors at the Corporation's expense in the appropriate circumstances, and each of the Board's committee's reviews requests for such engagement.
