ANNOUNCES RESULTS FOR SECOND QUARTER OF FISCAL 2009

This news release contains forward-looking information that is based upon assumptions and is subject to risks and uncertainties as indicated in the cautionary note contained elsewhere in this news release.

GRIMSBY, Ontario – November 5, 2008 – Andrew Peller Limited ADW.A/ADW.B (the “Company”) announced today its results for the three and six months ended September 30, 2008.

Strong Growth Continues

For the three and six months ended September 30, 2008 sales increased 13.3% to \$69.4 million and 9.0% to \$129.0 million from \$61.2 million and \$118.4 million for the same periods last year. The increase was due primarily to ongoing initiatives to grow sales of the Company’s blended table, premium and ultra-premium wines through all trade channels, the acquisition of World Vintners Inc. on June 30, 2008 and the introduction of new products over the last twelve months.

Gross profit as a percentage of sales declined slightly to 42.0% for the three months ended September 30, 2008 compared to 42.8% in the same period last year. For the first six months of fiscal 2009, gross profit as a percentage of sales was 41.9% compared to 42.8% for the same period last year. The changes were due primarily to an increase in the cost of domestic grapes and wine purchased on international markets combined with higher packaging costs. Selling and administrative expenses decreased marginally for the three and six months ended September 30, 2008 to 30.0% and 29.9% of sales respectively, compared to 30.1% and 30.0% of sales respectively, for the same periods last year due primarily to the launch of new products over the last twelve months and increased efforts to market the Company’s premium and ultra-premium wines.

Net and comprehensive earnings for the three and six months ended September 30, 2008 were \$2.4 million or \$0.17 per Class A share and \$5.1 million or \$0.35 per Class A share compared to \$2.7 million or \$0.18 per Class A share and \$5.6 million or \$0.38 per Class A share for the same periods last year. Included in net and comprehensive earnings in fiscal 2009 were other charges of \$1.2 million related to non-cash mark-to-market adjustments on interest rate swaps and foreign exchange contracts compared to a gain of \$0.04 million last year. Not including the other losses and unusual items in each year, net and comprehensive earnings for the first six months of fiscal 2009 increased 6.8% to \$6.0 million compared to the same period last year.

“We are pleased with our performance in the second quarter and first six months of fiscal 2009,” commented John Peller, President and CEO. “The acquisitions of World Vintners Inc. and the remaining 50% interest in Rocky Ridge Vineyards completed during the second quarter are making a solid contribution to the performance of our Company, while our successful sales and marketing efforts continue to build our brands across all of our targeted trade channels.”

Solid Financial Position

The Company’s balance sheet remained strong as at September 30, 2008. Working capital was \$39.6 million at the end of the second quarter of fiscal 2009 compared to \$26.6 million at March 31, 2008. Shareholders’ equity at September 30, 2008 increased to \$104.3 million or \$7.00 per Class A share compared to \$102.7 million or \$6.89 per Class A share at March 31, 2008 and \$99.0 million or \$6.65 per Class A share at September 30, 2007. While credit markets have tightened in recent months, the Company has successfully refinanced its long-term debt to April 30, 2015 and is working on converting its demand operating facility to a one year committed facility.

Dividend Increase

As previously announced, common share dividends were increased by 10% for shareholders of record on June 30, 2008. The annual dividend on Class A shares was increased to \$0.33 per share from \$0.30 per share. The dividend on Class B shares was increased to \$0.288 per share from \$0.261 per share.

“Looking ahead, in the near term we expect our sales levels and gross margin will remain stable through this unsettled economic period, and we will be increasing our emphasis on generating production efficiencies and reducing overhead costs to enhance our bottom line. Over the longer term, we remain confident that our focus on quality, our leading presence in all our distribution channels, and our strong brand recognition will generate solid and sustainable growth,” Mr. Peller concluded.
